MEDICINAL.

When the life of Mrs. Ruff was hanging in the balance she used Dr. Pierce's Favorite Prescription and was restored to health. Her experience made her the firm friend of the medicine that cured her.

Dr. Pierce's Favorite Prescription has no equal in its cures of womanly diseases. It establishes regularity, drives the drains that weaken women, heals inflammation and ulceration and cures female weakness.

"Five years ago when my life was hanging in the balance, Dr. Pierce's Favorite Prescription was brought to my home," writes Mrs. Caroline Ruff, Director of German Orphan's Home, residing at 2000 Broadway, New York City. "I took it, and time, I have been my firm friend. Ever since that time, I have been my firm friend. Ever since that time, I have been my firm friend. Ever since that time, I have been my firm friend."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

ATTEMPT TO KILL PRESIDENT DIAZ.

Great excitement was caused in Guanajuato, Mexico, yesterday, by an attempt on the life of President Diaz, who was a guest of the state government during the festivities in that city. The President, his staff and guests were passing by the Canatagor garden in a street car, when a man of the lower class named Ellis Toscano approached the car shooting and fired five shots from a revolver at the car. None of the shots took effect. Pakio Escandon, of the President's staff, rushed out of the car and caught the man, wrenching the revolver from his grasp. The police took Toscano to prison. He is a man with a bad criminal record and was recently released from prison at Granditias, where he had served a term for homicide. The matter will be investigated. The President remained perfectly cool, and was acclaimed by the crowd of citizens, who showed their joy at his escape. Toscano's evil record renders the theory of a deliberate attempt at assassination probable. An attempt was made on the life of President Diaz on December 16, 1897. He attended on that day the public celebration in the City of Mexico of the anniversary of Mexican independence. During the festivities a man rushed toward him and evading all efforts made to check his progress, reached the president's side and attempted to kill him. Great excitement prevailed, but it was seen that the efforts of the murderer had been futile. President Diaz was not hurt. The assassin was at once arrested and thrown into prison. This attempted murder created much excitement, and subsequently the assassin was dragged from prison by a mob and lynched.

ATTEMPT TO BLACKMAIL.

Mrs. Samuel Boswell, of Columbus, Ohio, has been arrested on a warrant issued by Postoffice Inspector George V. Craighead, of Cincinnati, on the charge of using the mails to perpetrate blackmail, one of her victims being Senator Hanna, and Z. L. White, a prominent dry goods dealer of Columbus. Several months ago Senator Hanna received a letter signed "Mrs. Anna Linn," posted at Columbus, demanding \$500 as the price of silence. She threatened to give the newspapers if he did not leave a package containing \$500 at a certain place on the East Side. In a second letter she reduced the amount to \$300. Senator Hanna wished to avoid the notoriety that prosecution would lead to and sent the letters to a friend in Columbus to try to find out who "Mrs. Linn" was. No such name appeared in the directory. When the Senator found that Mr. White had also received the same kind of letters from the same person he consented to let the matter be placed in the hands of the postal authorities. A decoy registered letter secured her street number, and the officers went to Mrs. Boswell's residence, representing themselves as representatives of Senator Hanna. She admitted that she was "Mrs. Anna Linn" and was ready to receive the money. When her visitors told her they were postal officers she collapsed. She admitted that she knew nothing against either Senator Hanna or Mr. White, but expected that they would be frightened into compliance with her request. She was arrested. Mrs. Boswell is 60 years old and is the mother of seven children.

PARKS RESPONSIBLE.—Mrs. Frederick Roebon, who called at Police Headquarters in New York on Saturday to urge the police to make a further effort to find her husband, who has been missing since Tuesday, declared that "Sam" Parks in declaring strikes was primarily responsible for her husband's disappearance. Mr. Roebon was a contractor, not wealthy, but in comfortable circumstances. He was worth, his wife says, several thousand dollars at the first of this year, but strike after strike affected the contracts that were given him until he was reduced almost to penury. "Oh, how glad I am that that man Parks is in jail!" said Mrs. Roebon yesterday. "But he ought to have been there long ago. No one knows what harm and misery he has caused." Last Monday night Mr. Roebon appeared to be very melancholy. His wife was worried, as she says that in the twenty-five years of their married life she had never seen him so depressed. He told her that he thought if he was let alone he would feel better, and his two boys, two girls and his wife left him in his room for the rest of the evening. Early in the morning he went out of the house, and has not returned. Mrs. Roebon said her husband never drank liquor.

CHARGED WITH EXTORTION.—James D. Stenson, and Hugh R. Gilroy, who were arrested Monday in the offices of the International Mercantile Agency, in New York, charged with attempting to extort \$5,000 from that company for data and records alleged to have been appropriated by Stenson, while he was acting as chief clerk of the Chicago agency of the company, were arraigned in court yesterday and committed to the Tombs until today. It was stated in court that Gilroy, who is believed to be only a tool of Stenson, will make a confession. Counselor Hawke, who represented the agency, said that the confession would involve an organized gang of blackmailers who had been victimizing for several months past corporations between New York and Chicago. Stenson was a trusted employee of the Census Bureau under former Governor Merriam, of Minnesota. When Mr. Merriam left the Census Bureau, the work having been completed, and became President of the Mercantile Agency, he made Stenson chief clerk of the Chicago office of the company.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand.
